

HOPE

Is Felt by English People

That the King

May Recover from Effects of His Illness

And Take His Place Upon the Throne of Great Britain.

Bulletins Issued by Physicians Contain More Encouragement as to Probability of King's Recovery.

LONDON, JUNE 26.—AT SIX O'CLOCK THIS AFTERNOON THE FOLLOWING BULLETIN OF THE KING'S CONDITION CONTAINED THE ENCOURAGING STRAIN WHICH HAD CHARACTERIZED THOSE ISSUED EARLIER IN THE DAY. HIS MAJESTY PASSED A GOOD DAY, AND HAS TAKEN NOURISHMENT WELL. HE IS LESS WEAK AND HIS TEMPERATURE IS NOW NORMAL.

SIGNED: LISTER, TREVES, SMITH, BARLOW, LAKING.

CRISIS YET TO COME.

The English People Warned Not to be Too Optimistic.

LONDON, JUNE 26.—THE DUKE OF CONNAUGHT CALLED AT THE PALACE AT 5.30 THIS MORNING. HE STAYED A FEW MINUTES, AND ON LEAVING, SAID THE NEWS REGARDING THE KING WAS MOST ENCOURAGING. HIS MAJESTY'S PULSE AND TEMPERATURE WERE NORMAL AND HIS CONDITION, ON THE WHOLE, WAS SATISFACTORY.

THOUGH THESE REPORTS FROM OFFICIAL SOURCES ARE ENCOURAGING, THE EXTREME OF THE GENERAL PUBLIC IS NOT inclined to feel at all secure. THE EVENING PAPERS TODAY ALSO TAKE RATHER A PESSIMISTIC VIEW AND WARN THE PUBLIC NOT TO LET THEIR OPTIMISM BE TOO GREAT AS THE REAL CRISIS IS YET TO COME.

OFFICIAL BULLETIN

Given to the Public by King's Physicians.

LONDON, JUNE 26.—AT 2 P. M. THE OFFICIAL BULLETIN READS: KING'S CONDITION STILL REMAINS SATISFACTORY.

(SIGNED) TREVES, LAKING, BARLOW.

INDIGNANT PEOPLE

Resented the Decision of Committee in Selling the Food.

LONDON, JUNE 26.—Yesterday evening, in the town of Hemel-Hemstead, about 22 miles northwest of London, the committee decided to sell the food intended for the coronation dinner to the poor. The disappointed crowd were stirred to rioting by the decision, stoned the residences of the committee, and sacked a china shop belonging to Alderman. There was a similar occurrence at Dunstable.

MORE HOPEFUL

As the Situation According to Official Bulletin.

LONDON, JUNE 26.—It was officially stated today by a member of the King's household, that Edward's recovery might now be looked forward to.

ROYAL PATIENT

Opens Messages Sent to Him and Appears Stronger.

LONDON, JUNE 26.—According to the physicians' bulletins, King Edward as made improvement, and at Buckingham palace the feeling is very

hopeful. It is said his majesty is able to take food. He had scrambled eggs and a little hock and soda, and with his own hand opened several telegrams. The bulletin issued by the physicians was regarded as intensely satisfactory, and as being the first occasion upon which the doctors have allowed themselves to express even the smallest degree of hope. The absence of complications creates hopefulness in all quarters, although several days must pass before the possibility of danger can be eliminated.

Inside the palace all was quiet. Queen Alexandra, who had been in the vicinity of the sick room the entire day, dined with a few members of the royal family. The callers who came to the palace contented themselves with driving up to the outer gates, where they alighted and walked in to inquire at the equeries' entrance for the latest news. There they met one of the liveried servants and small knots of reporters. With the exception of these callers and the noblemen who have the entrée to the court, everybody was rigidly excluded from the palace by the police. Lord Grey, a director of the British South Africa company, and who recently visited the United States is among those having entrée to the court. He said that he had good hope for the king's recovery.

The following statement was made on the highest medical authority: "Until the tubes now draining the cavity of the abscess have been withdrawn it will be impossible to feel certain that the king will pull through. What his physicians have now to fear is that peritonitis or hemorrhage may supervene. There must always be this danger in such cases. Again it is a fact that an abscess due to perityphilitis may have a fatal issue without any warning symptoms. All the indications are often masked until the portmanteau and there are many cases on record where the disease was only discovered after death from an extraneous cause, such as an accident. At any rate the king's illness must invade him for a long time."

Today, instead of a day of coronation and rejoicing, was one of prayer and intercession. At noon all England was praying that the life of the king be spared.

Prince George, Heir Apparent.

George Frederick Albert, Prince of Wales and Duke of York, the heir apparent to the English throne, is the second son of King Edward and was born June 3, 1865. He was educated by private tutors and on the naval schoolship Britannia. He was made a midshipman in 1882, promoted lieutenant in 1885 and made full commander in 1891. At the death of his elder brother in 1892 he became heir apparent and took his seat in the house of lords. The same year he married Princess Mary of Teck, his brother's fiancée, the archbishop of Canterbury declaring there was no legal bar to the marriage. This declaration was due to a romantic story that the prince had previously married the daughter of an English officer. The heir apparent has four children, the eldest a boy of 8. The prince is 5 feet 6 inches tall, slight of build, of weak constitution, cold and distant. He is now Grand Master Mason of England and became Prince of Wales by order of the king in 1901.

Notwithstanding postponement of the coronation and that London is crowded with people, the scenes were in pleasant contrast with those of Tuesday evening. The reckless rejoicing, which was then so disgracefully prominent, was quite changed. No illuminations dispelled the natural gloom which settled over the metropolis. The moon failed to penetrate the darkness over the city, and a rather cold wind was blowing.

A Late Bulletin.
London, June 26.—The following bulletin has been issued: "The king continues to make satisfactory progress. He slept some hours. He complains very little of discomfort and is more cheerful. The wound is doing well." Signed "Treves, Laking, Barlow."

ALL CITIES

In the State of Ohio Could be Affected

By One of the Harmful Results of the Work of the Last Legislature.

Columbus, June 26.—The Cleveland municipal charter is knocked out on the ground of improper classification of cities. It now only requires the bringing of a suit to knock out every city government in the state of Ohio. An extra session of the legislature to straighten out the tangle, is certain.

Chicago Stock Market.
Chicago, June 26.—Cattle 6,500, steady; hogs 23,000, lower; sheep 12,000, steady.

Grain and Pork.
Chicago, June 26.—Closing Sept. wheat 72½; corn 81; oats 30½; pork 15.55.

BOOST

Was Given Panama Project.

House Concurs

In the Senate's Canal Amendment.

The Nicaraguan Bill Has Been Displaced by That Body.

Important Changes Made in the Philippine Government Proposition—Torpedo Boat Proposition Was Defeated.

Washington, June 26.—The senate disposed for this session of the omnibus statehood question, which has been pending for several days. Mr. Beveridge (Ind.), chairman of the committee on territories, announced that a report on the bill before the committee would be made on the third day of the next session. This was satisfactory to Mr. Quay (Pa.), who withdrew his motion to discharge the committee from further consideration of the measure. After Mr. McCumber (Rep., N. D.), had discussed the pending pure food bill, and Mr. Gallinger (N. H.) had delivered an extended argument to show that the present prosperity of the country was due to the operations of the Dingley tariff law, the senate took the calendar and passed a large number of bills of minor importance. The conference report on the army appropriation bill was agreed to, thus passing that measure and eliminating the friction which has existed between the two houses over it.

The Philippine civil government bill was thrown open to amendment in the house. Very slow progress was made. By an amendment offered by Mr. Bartlett (Ga.), cases involving the construction of the constitution can be annulled from the supreme court of the islands to the supreme court of the United States, and by another offered by Mr. Littlefield (Me.), one corporation in the islands is prohibited from holding stock in another. These were the only amendments of importance adopted. The earlier portion of the day was devoted to consideration of conference reports on the sundry civil, army and naval appropriation bills. The house adopted a proposition agreeable to the senate with reference to the disputed titles in the army bill, and by a vote of 63 to 95 refused to agree to the senate amendments to the naval bill providing for five submarine torpedo boats.

Isthmian Canal Agreement.

Washington, June 26.—The conference on the isthmian bill reached a complete and unanimous agreement in favor of accepting the senate amendment, which contemplates the building of the Panama canal if the president can secure a clear title to that route. The final conference lasted only half an hour. Before the decision was reached, Mr. Hepburn, on behalf of the house conferees, endeavored to secure a modification of the senate amendment limiting the president to six months' time within which the title to the Panama route is to be perfected. When this failed, Mr. Hepburn made no further opposition and the senate amendment was concurred in exactly in the form that it passed the senate. It was arranged that a brief statement should be prepared for presentation to the senate and house, and the conferees separated.

Mr. Hepburn submitted the following statement to the house: "The effect of the action of the conferees, if approved by the house, will be to eliminate all of the provisions of the bill as passed by the house, and enact into legislation all of the provisions of the senate amendment."

New Fast Mail Service.

Washington, June 26.—The first week's operation of the new fast mail service, started on the 15th instant between Chicago and St. Louis and intermediate cities, according to special reports received at the postoffice department, has resulted in a gain of one business day between St. Louis all points beyond, and practically the same gain is represented at Pittsburgh and all points west of Altoona. There are a great many side lines on which the gain will be at least as great as on the through lines.

Remains of Pauncetote.

Washington, June 26.—It is stated that there will be no change in the arrangements already made for the removal of the remains of the late Lord Pauncetote to England as a result of the king's illness. It was the

plan to have the funeral ship Brooklyn arrive in England about July 14, after the coronation ceremonies were over. The navy department received a telegram announcing the departure of the Brooklyn from New York for Annapolis, where the remains will be taken aboard.

China Renounces Manchuria.
London, June 26.—In a dispatch from Peking the correspondent there of The Daily Mail says he hears, upon the highest authority, in the recent mining and railways concessions agreement a clause exists under which China virtually renounces all claims to sovereignty in Manchuria.

"Wets" Defeated.
Kenia, O., June 26.—At the election under the local option law, the "drys" carried Kenia by 177 votes. Halie Q. Brown, the colored oratoricalist of Wilberforce, followed by a dozen white women, went from one voting place to another, singing, "Nearer, My God, to Thee." Prayer meetings were held at the churches.

DOWN

Went the New York Sailor

Before Ruhlin

In the Eleventh Round of the Contest.

The Referees Refused to Allow Claim of Ruhlin's Second

But Sharkey's Second Finally Ended the Controversy by Throwing Up the Sponge and Admitting Defeat.

LONDON, JUNE 26.—Tom Sharkey of New York was defeated in the eleventh round of his fight with Gus Ruhlin of Ohio, before the National Sporting club. Both men were in the acme of condition. Sharkey held his own in the early rounds of the fight, but Ruhlin generally was able to avoid Sharkey's lightning left whenever there was any force in it. In the early rounds Sharkey was cautious and in the second he tried to force the fighting. Ruhlin showed great science and coolness. The fighting continued at a severe pace. Ruhlin was good on his feet and maintained a splendid defense, while Sharkey was the "receiver general." At the opening of round 11 both were full of fight and the exchanges were vicious and rapid. Sharkey trying to get in a knockout. He was punched down repeatedly, but he wanted a lot of punching to finish him, and Ruhlin was too tired to do it. Time after time the latter got in his right on Sharkey's body and his left on his jaw. Sharkey rolled all over the ring and was down when the bell sounded. Ruhlin's seconds claimed the fight. The referee declined to allow their claim, explaining that Sharkey was only knocked down eight seconds before the end of the round. Sharkey's seconds, however, threw up the sponge.

MUST RETURN

To New York to Face the Charge of Larceny.

Columbus, June 26.—Governor Nash has granted the application of the governor of New York for the extradition of Hon. Wm. W. Hahn, of Mansfield. Hahn is charged with larceny of the funds of the Manhattan Life Insurance Company.

GOV. NASH

Is Required to Appoint a Lieutenant Governor.

Columbus, June 26.—The supreme court today granted a writ of mandamus prayed for by John Trauger, acting for the Democratic state committee requiring Governor Nash to appoint a Lieutenant Governor to fill the vacancy caused by the resignation of Carl L. Nippert.

Live Stock Market.

East Liberty, June 26.—Cattle light, steady; hogs active, 5 and 10c lower; sheep fair, slow.

LOSS

Of Life From the Storm

Is Appalling

And Loss of Property Will Reach Millions

Details of the Storm That Swept Over Two States Doing Damage

Buildings Razed to the Ground, Railroads Crippled and Blocked, Trees Uprooted and Devastation Created.

Marietta, O., June 26.—A tornado Wednesday night swept this city from end to end and caused the greatest consternation. The property loss, as nearly as can be estimated, is not less than \$200,000. The fine plant of the Parkersburg and Marietta Interurban company is laid flat, and telephone lines are all down. One life is known to be lost. Probably 20 persons are seriously injured. At least 15 houses were blown down and the escape of the inmates from instant death was miraculous. The Ohio Valley wagon works plant, one of the largest industries, is a mass of ruins. The Acme brick plant was completely demolished, hundreds of trees were blown down and streets are almost impassable. The path of the tornado came at the lower end of the city, taking almost everything before it.

The historic blockhouse and fort, which have been preserved as memorials of the settlement of Marietta in 1788, are badly damaged and partially destroyed. The Central Christian church is unroofed and the home of Mrs. General Rufus R. Dawes, mother of ex-comptroller of currency Charles G. Dawes, is badly damaged, but none of the family was hurt. The tents of the Cincinnati Carnival company, which is holding a street fair here, are blown down, and the Ferris wheel is wrecked.

A severe windstorm struck the southern edge of the town of Troy and then quickly passed along a path that extended east and west through Miami county. At Troy a number of houses were demolished and one man was seriously injured. The most definite information is that the destruction was confined to property damage. At Pleasant Hill houses were unroofed, including churches and schoolhouses.

Central Indiana Stricken.

Indianapolis, June 26.—The entire north central portion of Indiana was visited by one of the most disastrous storms that ever swept over the state. The storm swept sections covering hundreds of miles, extending from Hancock county northwest through the northern portion of Marion, Hamilton and Boone counties, and doing much damage in Tippecanoe and adjacent counties. Madison county also fell in its fury, thousands of buildings were razed, tens of thousands of trees were uprooted and now blockade highways, railroads and traction lines; crops were utterly ruined, causing a loss estimated at nearly \$2,000,000, and 50 persons were more or less injured. But two deaths have been reported with authority. That was the killing of James Van Hey, who was caught in the ruins of a collapsed house near Pendleton, and James Bailey, who was killed by flying timber at McCordsville.

NEW QUARTERS

Arranged For the Clerical Force From White House

While That Historical Structure Undergoes the Work of Remodelling.

Washington, June 26.—The clerical force of the White House today moved into quarters that have been arranged for the President's use until the White House shall have been remodeled. The house is the four story Scott residence, No. 22 Lafayette Square and faces east, nearly opposite the new Rochambeau statue. In the temporary White House, as it is called, the offices of the President will be on the ground floor.

WRECKED IT.

The Soldiers Made War On Geary's Saloon

Riddled it With Bullets From Carbines and Wrecked Everything Breakable.

Washington, June 26.—One hundred and fifty soldiers from Ft. Myer, last night charged upon and wrecked the saloon of James Geary at Rosslyn, Va., doing \$5,000 damage. The row was the outcome of the shooting of private Harry Pancoast by a person in ambush, the soldiers holding Geary responsible. The soldiers were well armed with revolvers and carbines, poured bullets into the building then smashed everything breakable in the place.

BLUNDER

Of the Legislature in Regard to Royer Law.

Columbus, June 26.—The Royer law, depriving the supreme court of 95 per cent of its jurisdiction, was sustained today by that court in cases from Canal Dover. This means that practically all litigation must stop at the circuit court, until the legislature can cancel its blunder.

COULDN'T

Go to the War Because He Had No Tooth Brush.

Admiral Dewey as a Witness, Tells of the Fastidious Filipinos.

Washington, June 26.—Admiral Dewey was a witness before the senate Philippine committee today. He said before he left Hong Kong, a number of young Filipinos said they wanted to go to the attack of Manila with him. None went, however. One gave as a reason, that he had no tooth brush. Dewey admitted he furnished guns to Aguinaldo to fight against Spain, the common enemy. Dewey says, he never recognized Aguinaldo's government or saluted the Filipino flag.

RULING

Of the Supreme Court Ousts Mayor Johnson's Cabinet.

Columbus, June 26.—The supreme court this morning declared the Cleveland municipal charter law unconstitutional. This ousts from office Mayor Johnson's board of control and will leave him without a cabinet. The execution of judgment, however, is stayed till October second next.

The ousting of Mayor Johnson's cabinet, it is believed, was done on the ground that the classification of the city was improper and the law was therefore unconstitutional. In that case, all the cities in Ohio will be affected by the decision. A full text of the decision has not yet been made public.

State's Consent Necessary.

Columbus, O., June 26.—The state board of public works has notified the city of Columbus that the consent of the state must be obtained before the city constructs the big dam in the Scioto river for water works purposes.

THIS AND THAT.

Crisp Items of Information From Every Clime.

Harvard confers the honorary degree of LL.D. upon President Roosevelt and Secretary of State Hay.

Lady Pauncetote, widow of the late British ambassador, and her daughter, sailed from New York for England.

Judge Walter S. Cox died at Washington. Formerly justice of the supreme court of District of Columbia.

Yale college to establish a mission in northern China, carrying on evangelic, medical and educational work.

Lieutenant Colonel Baldwin, operating in Mindanao, reports he expects soon the surrender of all the hostile dattos.

Christian Langhemrich of Cleveland, O., who died at sea on board the steamer Kron Prinz William, reported to have made a bet that he could drink two quarts of brandy a day and keep it up throughout the trip. He lasted two days.

STRONG

Ticket Placed in Nomination

By Democrats

Of Pennsylvania to Oppose Quay's Men.

Ex-Gov. Pattison is Chosen for the Third Time as Standard Bearer.

The Platform was Made on Strictly State Issues, No Reference Having Been Made to National Politics.

Erie, Pa., June 26.—For the third time in 20 years ex-governor Robert Pattison of Philadelphia was nominated for governor of Pennsylvania by the Democratic state convention. George F. Guthrie of Pittsburg was the unanimous choice of the convention for lieutenant governor. James Nolan of Reading was nominated by acclamation for secretary of internal affairs. The platform makes no reference to national questions, which indicates that the campaign will be made strictly on state issues. Pattison appeared before the convention and made brief speech of acceptance.

Missouri Democrats.

Minneapolis, June 26.—The Democratic state convention reaffirmed faith in the Kansas City platform, expressed admiration for William Jennings Bryan and nominated the following state ticket: For governor, L. A. Rossing, Cannon Falls; lieutenant governor, Robert A. Smith, St. Paul; secretary of state, Spurgeon Odell, Marshall; auditor, Albert G. Leickal, Owatonna; attorney general, Frank D. Larabee, Minneapolis; treasurer, Joseph Myers, Little Falls; clerk of supreme court, George P. Jones, Rock county; railroad and warehouse commissioner, Major J. M. Bowles, Minneapolis.

Missouri Republicans.

Jefferson City, Mo., June 26.—The Republican state convention adjourned sine die after unanimously re-electing Thomas J. Akins chairman of the Republican state committee, nominating a ticket and adopting a platform unreservedly endorsing the administration of President Roosevelt and declaring him to be the logical candidate for 1904. The mention of Roosevelt's name caused great enthusiasm. A minority report endorsing the administration of Ethan Allen Hitchcock, who is a Missourian, was adopted as part of the platform after a warm debate.

WOMAN

Masqueraded as a Man and Married a Woman.

Baltimore, Md., June 26.—Lotta Sawyer, a 56 year old girl, who married Mrs. Emaline L. Rauck and lived with her a week before her true sex was discovered, will be released by the police today and will go to her home in Camden county, N. C. She had been held on a technical charge of obtaining \$100 by false pretences from Mrs. Rauck. The woman had masqueraded for six years as Herman G. Wood, drank, chewed and smoked like a man. She had flirted with girls and made herself conspicuous in pool rooms across the river.

Removing the Stands.

London, June 26.—The business section of London is slow in recovering from the stunning blow of the postponement of the king's coronation. While the barriers around Westminster abbey have been removed, the decorations are being completed for the benefit of the crowds. The demolition of the stands has begun and progresses slowly. The hotels and provision dealers are hit the hardest.

Race Riots Sentenced.

Atlanta, June 26.—Henry King, a negro implicated in the Pittsburgh race riot of May 17, was found guilty of the murder of Balliff Battle, a member of the officers' posse, who was killed during the fight, and sentenced to life imprisonment.

Oklahoma's Delegates.

Enid, O. T., June 26.—Bird S. McGuire has been nominated by the Republicans of Oklahoma for delegate to congress.

BLUE

Bloods Ready for
the Races in

Wapakoneta

To be Run the First
Part of Next Week.

Base Ball Game Tomorrow
Between Reds and the
Greenfield Team.

Party Lines Cause Trouble for the
Auglaize Telephone Company.
Damage Suit Brought in
St. Marys.

Wapakoneta, June 26. — More than half the horses for next week's running races are now stabled at the fair grounds and resting up for the races. Horses are here now from many nearby centers and will arrive tomorrow and Saturday from all over the state. The Cincinnati special is expected tomorrow or Saturday with twenty or more horses and book-makers have already been here making arrangements to be on hand. The chief attractions, and those for which the prominent horses are imported, are the Merchant's 1-5 mile handicap, and the 1/2 mile Wapakoneta Derby, prizes for each \$100. Secretary Shaffer has already booked some good horses.

Reds vs. Greenfield.
Next Sunday the Wapakoneta Reds will play ball with Greenfield at the local park. The Greenfield team is acknowledged the strongest amateur team in southern Ohio, having successfully defeated Dayton, Springfield, Sidney, Washington C. H., and several amateur teams of Cincinnati. It has been rumored that Frank Seals, the favorite catcher in the Reds, has quit playing, but manager Fisher promptly and energetically denies the rumor and Frank, Roy Seals and Cassidy will be in their usual places. Lucas and Keifer, who played first base and right field last Sunday, have been secured for the season and will be given a chance to show their ability in the game with Greenfield.

"Party" Lines.
Patrons of the Auglaize Telephone Company, which has its main office at Jackson Center, Shelby county, are having considerable trouble with their phones and claim to be receiving poor service. The lines are rural lines and have seven or eight telephone calls on one line.

Real Estate Conveyances.
Mary Shiveley to William Leedy, 25 1/2 acres, Logan township, \$3500; Clarence Moyer to James W. Kentner, quit claim lots 3, 5, 7, Mouch's addition, and outlots 106, 107, Wapakoneta, \$61; Washington Hoffman to Michael Stroebel, 30 acres Noble township, \$4000; Caroline Schlicker to Jesse L. Whitcomb, lots 42, 43 H. H. & Co. addition, St. Marys, \$550; John R. Vorhees to Daniel W. Vorhees, lot 236 N. addition, St. Marys, \$950; Louis Zimmerman to Clever D. Hill, 40 acres, Salem township, \$1800; Louis M. Williams to Electra B. Palmer, north part 15 N. addition, St. Marys \$500; The Gordon Hauss and Folk Company to Joseph Barringer, lot 6 block 2, St. Marys, \$1400; Female Society Christian Blood to Joseph and Herman Hunsfeld, 27 acres Jackson township, \$1400; Henry Hunsfeld to Herman Hunsfeld, 29 acres, Jackson township, \$1600.

Damage Suit.
John H. Powers, of St. Marys, has brought suit against a neighbor John Hirsch, for damages and conversion of property. The defendant held a chattel mortgage on the property of the plaintiff amounting to \$75 for which he seized and sold the goods mortgaged. Plaintiff claims that the goods were sold for \$115, when they were in reality worth more than \$200 and he wants the difference.

Personal.
F. C. Hunter and Son have removed their drug store from the Hunt-McDonald block to the Kratzler block temporarily, while their new building is being built. The Postal Telegraph office of the same block has been removed to the Moser block. The new building which is to be built by Charles Herbst and Doctor Hunter, will be built with fifty foot frontage, and eighty feet deep, and the front will be constructed of pressed brick. Work will begin immediately and the building is expected to be completed by fall.

The building league of the First English Lutheran church will give an ice cream social this evening at the

Constipation

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by

Hood's Pills

Sold by all druggists. 25 cents.

residence of Mr. and Mrs. Philip Nagel, to which the public have been invited.

Mr. John Koenig, of St. Marys, made a business trip to this city yesterday.

How to Avoid Trouble.
Now is the time to provide yourself and family with a bottle of Chamberlain's Cough, Cholera, and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now, may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for the children and adults. No family can afford to be without it. For sale by Wm. M. Melville, old post office corner.

NOTICE TO ICE MEN.

Scaled bids will be received by the City Clerk until 12 noon, June 30th, 1902, for the purpose of supplying ice to the following places and during the time mentioned: At the North, South and Central Fire Depts., 15 lbs. daily from July 1st to Nov. 1st, 1902. Police station, 25 pounds daily, from July 1st to Nov. 1st, 1902. City Clerk and Engineers offices, 15 lbs. each, daily, except Sunday, from July 1st, to November 1st, 1902. Council chamber, 10 lbs each Monday 6 p. m. for one year, beginning July 1st, 1902.

The right is reserved to reject any and all bids.

By order of City Council.
FRED C. BEAM,
June 25-4t City Clerk.

Didn't Marry for Money.
The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pills, which restored her to perfect health. Infatigable for Jaundice, Biliousness, Malaria, Fever, and Ague, and all liver and stomach troubles. Gentle but effective. Only 25 cents at H. F. Vorkamp's drug store, corner North and Main streets.

FOR SALE BY J. D. FOYE IN THOMPSON BLOCK.

The Crall block, public square, at a great sacrifice. Mr. Crall is in bad health and is anxious to dispose of all his real estate holdings in Lima. His west Market street house and lot that cost him \$7,000, I recently disposed of at \$4,500. The block stands him \$17,000, and he is willing to let it go at \$12,000. His other real estate in south Lima will sell equally low.

When you feel a sense of weight, uneasiness and oppression after meals means indigestion. Better take Rocky Mountain Tea. For sale by H. F. Vorkamp, corner North and Main.

HEILPRIN'S DISCOVERIES.

Scientist Says Mount Pelee's Height is Unchanged.

George Kennan, the correspondent who climbed, together with Professor Angelo Heilprin and George Varian, the artist, to the summit of Mount Pelee and looked down into the crater, said the other day to a reporter of the New York World on their return from the islands of Martinique and St. Vincent:

"I have seen the mountain in many different ways, from all sides, on many days, at all distances, and at every view I have seen it different. I would not venture to make any prophecy about the future of the volcano."

Professor Heilprin, who also accompanied the Peary relief expedition in 1892, ascended after enormous difficulty to the edge of the new crater of Pelee. He went so near that he dropped pebbles into the white hot mass beneath.

"Running north and south," says the professor of geology and geography, "the new crater is a crevasse expanding into a bowl. The crevasse almost rifted the mountain. As it runs transversely to the old crater, it might be termed a gash. From its volcanic matter has been bursting freely."

"The spectacle gave a conception of what is taking place inside the earth. Far below there was a hissing of steam like a thousand locomotives, interrupted by violent detonations. The output of the crater while we were there was steam. No molten matter flowed over the lip."

"Observations with the aneroid barometer proved that the height of Mount Pelee had not been changed. The new crater is a crevasse expanding into a bowl. The crevasse almost rifted the mountain. As it runs transversely to the old crater, it might be termed a gash. From its volcanic matter has been bursting freely."

"Our ascent accurately located the new crevasse. It determined for certainties other points which have been enumerated and that Mount Pelee did not blow its head off. While the new eruption on Martinique was not of immediate menace, volcanic forces seem to be on the increase in the Caribbean region, and their phenomena are far from local. The connection between Pelee and La Soufriere is deep seated. There is a long volcanic circuit through the Caribbean gulf region."

AN ODD CAVALCADE.

Gold Laced Rider Divides Honors With the President.

Usually President Roosevelt can ride from one end of Pennsylvania avenue, in Washington, to the other without awakening the least curiosity from the passing public since they are so accustomed to seeing him mounted for riding, says the New York Times. However, he unobtrusively attracted a great deal of attention as he headed a curious cavalcade coming down Pennsylvania avenue the other day.

First was the president returning from a ride in the country. He was followed by Governor General Wood, his house guest. Behind General Wood came the orderly who always rides with the president, and after him came a glittering individual mistaken for a newly arrived dignitary from some foreign country where gold lace and scarlet coats are worn by others than the Marine band. Gold braid almost covered his crimson jacket, a hat as glorious sat upon his head, and a glittering sword swung from his side. Evidently the president was taking another representative of a faraway country for one of his strenuous rides. People halted along the walk to gaze upon the gay individual, who gazed in vulgar curiosity after the president.

The party turned into the White House grounds, the president first, followed by General Wood, then the orderly. The scarlet coated rider stopped and looked up the driveway, but did not enter. The people took it for granted that the president had forgotten his guest and walked along to take a closer view of his majesty. Just then he set a pair of clumsy heels into his horse and rode slouchily down the avenue, leaving the people to discover that they had been following an advertisement for a new cigarette just come to town.

Smoking Carriages For Ladies.

On the continent smoking is growing so rapidly in favor among the fair sex that on some of the Belgian railroads smoking apartments are to be provided exclusively for women, says London Health. This result has been brought about through a young lady finding herself the object of much protest on her producing a cigarette in an ordinary compartment reserved for ladies. The young lady has taken action to compel all the Belgian companies to provide smoking accommodations for ladies.

Boers Welcomed to the Northwest.
The arrival of a little party of Boers in Minneapolis in quest of homes in the northwest gives ground for the hope that there will be more to follow, says the Minneapolis Times. Of the sturdy manhood of the Dutch farmers of South Africa the world has had ample evidence in the last three years, and as many of them as may come to the northwest will be gladly welcomed.

A New Sword Metal.
The Austrian government has, it is said, decided to arm several cavalry regiments with swords made of a new metal named magnalium, which is asserted, says the London Globe, to combine the lightness of aluminum with the strength and flexibility of steel.

EDUCATORS TO MEET

EDUCATORS from all over the United States are getting ready for their annual pilgrimage to the convention of the National Educational association, which will meet this year at Minneapolis July 7 to 11. The coming convention will be the forty-first in the history of the association, which is the largest and most influential educational organization in the world.

The National Educational association is mainly an outgrowth of common school interests, but in its progress all classes of educational institutions have been represented in its proceedings, and teachers from all ranks have been gathered into its membership.

Many associations of teachers had been formed in cities, counties and states before the first steps for forming a national organization were taken in 1857. In that year the National Teachers' association was formed at Philadelphia, and in 1870 it was reorganized under its present name, at the same time including as departments the American Normal School association and the National Association of School Superintendents.

For many years the association struggled under many difficulties, but planted the seed that was eventually to blossom into greater things.

Previous to 1884 the annual meetings were but thinly attended, averaging only about 200 members. Since then, however, there has been a great awakening to the value of the association to education, and the attendance up to 1895 was about 6,000, since which time it has grown to 10,000 of the foremost educators of the country. These conventions have been a most important agency in shaping national educational aims and progress.

There are now eighteen departments in the association, and their scope may be realized when it is known that they cover every important phase of educational work, including kindergarten education, elementary, secondary, higher and normal schools, superintend-

WILLIAM M. BEARDSHIEK.
[President National Educational association.]

ence, manual, art, music and business education, child study, school administration, libraries, physical training, science, languages, training for the deaf, blind and feeble minded, Indian education, etc.

The convention at Minneapolis promises to be the largest ever held by the association. The citizens and teachers have united under the auspices of the Commercial club in arranging a warm welcome to the thousands of members and their friends. The homes of the city will be opened to visitors, and excursions and sightseeing trips to points of interest have been arranged.

Every train will be met by reception committees, which will see that the strangers are safely lodged. Thursday evening of convention week is to be devoted to social purposes, beginning with a grand reception tendered to visiting teachers and friends at the armory of the state university. The buildings and the grounds overlooking the falls of St. Anthony will be brilliantly illuminated for this event.

The programmes of the general sessions and the various department meetings include about 150 papers and topics for discussion, covering all phases of educational work. The foremost educators of the day will be present, among them being Nicholas Murray Butler, president of Columbia university; Archbishop John Ireland, James Wilson, secretary of agriculture of the United States; William R. Harper, president of the University of Chicago; Mrs. Carrie Chapman Catt, President Schurman of Cornell university and United States Commissioner of Education W. T. Harris. There will be about fifty separate general and department meetings during the week, each with its own programme.

The governing body of the association is the board of directors, which consists of life directors and a director by election from each state and territory. The executive officers of the associations are W. M. Beardshiek of Ames, Ia., president; James M. Green, Trenton, N. J., first vice president; Charles M. Keyes, Hartford, Conn., treasurer; Albert G. Lane, Chicago, chairman of trustees, and Irwin Shepard, Winona, Minn., permanent secretary.

There are three classes of membership, active, associate and corresponding. The active members constitute the per-

manent supporting membership of the association and alone are entitled to vote and hold office in the association or any of its departments. Only those who are teachers or are actively associated with educational work or with the management of educational institutions, including libraries or periodicals, are eligible to active membership.

Persons may become associate members by paying \$2, which entitles them to a volume of proceedings. No other publications are furnished free to associate members.

Eminent educators not residing in America may be elected by the directors to be corresponding members. The number of corresponding members is limited to fifty.

Under special provisions educational institutions and libraries are enrolled

IRWIN SHEPARD.
[Permanent secretary National Educational association.]

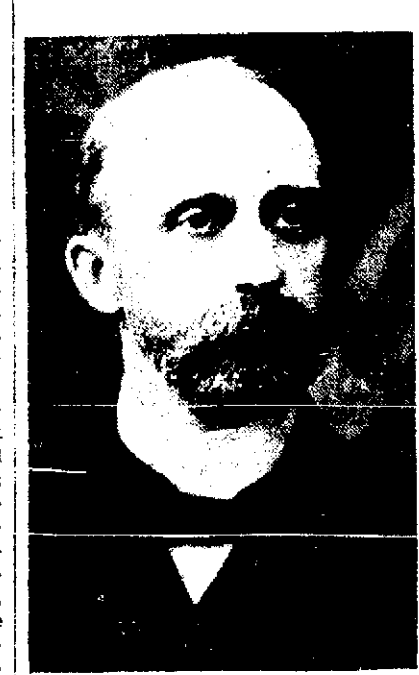

as permanent members, thus securing the publications issued by the association and representation at the annual conventions. More than 200 leading institutions are thus enrolled, including 83 universities and colleges, 47 normal schools, 52 libraries, 13 boards of education and 19 other educational institutions.

The forty annual volumes of proceedings constitute the chief publications of the association and have come to be regarded as the most valuable library of educational literature extant. They have been rendered especially useful to teachers and to all classes of libraries which seek to serve the needs of teachers by the publication of a subject index covering all volumes from 1857 to 1897, inclusive.

At the present time the annual volume of proceedings is a cloth bound book of 1,000 or more pages, including all papers and discussions of the annual convention, comprising the general session and the departments. This volume includes the proceedings of the department of superintendence, which meets in February each year, and of the present council of education, which meets in advance of the general convention.

Since 1884 the association has, by close economy and by generous and gratuitous service of its officers and others, accumulated a permanent investment fund of nearly \$100,000. It is the purpose to use the annual revenue from this source, together with surplus from receipts, in advancing public educational interests through original investigations and special committees appointed to study and report upon specific educational questions as they arise.

In the past these investigations have been productive of much benefit to the progress of education both in the common schools and in the higher branches of learning. In fact it is this work, in addition to the work of the annual conventions, which has made the as-

JAMES M. GREEN.
[First vice president National Educational association.]

sociation the largest and most important educational organization in the world.

Throughout the history of the National Educational association its object has been to "elevate the character and advance the interests of the profession of teaching and to promote the cause of popular education in the United States." That it has succeeded is proved by the power which the association wields in the educational world, for scarcely one of the changes of methods which have resulted in making the American schools models but has had its start, after careful consideration, in the National Educational association.

Why Bake Yourself Baking Bread

When Stolzenbach bakes bread that can't be beat. We can give you the best bread satisfactory service and the most wholesome buns and rolls that flour can make. Save yourself during the heated term and buy Stolzenbach's bread. We can give you home-made as well as other varieties.

NOTICE, WATER RENT DUE.

Consumers of water from the Lima Water Works, are hereby notified, that the water rent for the first half of the year 1902, is long past due, as the rules and regulations provide that all water rents except for measured water, must be paid semi-annually in advance.

If you have not paid for the first half of the year 1902, it will be due for you to do so before the 20th day of July, if you wish to continue the use of the city water after that date.

The present supply of water compels the trustees to economize, as much as possible, and they have decided to furnish water only to those who comply with the rules and regulations of the water works.

Please attend to this without further notice, and do not find fault with the officers, if the water is turned off from your premises, for other non-payment of water rent, unnecessary waste of water or for sprinkling out of hours. Sprinkling no more, from 5 o'clock to 8 o'clock a. m. and from 5 to 8 p. m. By order of the board of 5 to 8 p. m. By order of the board of trustees, J. N. Hutchinson, secretary.

CATARRH CANNOT BE CURED

WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

BEYOND A DOUBT

Good Hard Facts—Told in a Few Words as Possible.

Mrs. Florence Nutler, of Kece avenue, Lima, Ohio, says: "I had a pain and a lump in the right side near the liver. Nothing helped—no medicine or doctor seemed to reach it. I ran down in strength and grew very nervous. Finally my mother called my attention to Dr. A. W. Chase's Nerve Pills and I got some at Melville's drug store and the lump and pain went away rapidly and in addition to this I grew strong and hearty every day. The result after so many failures is wonderful and I am more than pleased."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

Which Hung Over a Church

In South Lima

Paid and the Members are Happy.

Celebrate at a Social Held at the Alexander Home Last Night.

New Business Block to be Erected on East Kibby Street. Other General and Personal News from South Lima.

The reception held by the ladies of the south Lima Baptist church at the home of Mr. and Mrs. V. V. Alexander on south Central avenue, last evening was greatly enjoyed. The affair was in the nature of a jubilation on account of the recent liquidation of the entire church debt. Mrs. Alexander had her pleasant home partially decorated for the occasion. During the early part of the evening the guests were received and entertained by the ladies of the Aid society. Later a literary and musical program was rendered for their delectation. Misses Mary Spurgeon and Virginia Traylor played all the excellent readings. Vocal and instrumental music was rendered by Mrs. E. C. Smith and Mrs. R. C. Traylor. Before the guests retired they were all served with delicious refreshments. Mr. and Mrs. Alexander proved themselves agreeable entertainers the event being mutually enjoyable.

Family Reunion.
 Roy W. Hagerman of south Elizabeth street, accompanied by Mrs. Hagerman, left yesterday for Dunkirk where they attended a reunion of Mrs. Hagerman's family today.

Latest Arrivals.
 Mr. and Mrs. Thomas Deegan of Akron, Ohio, are visiting over the arrival of a handsome boy at their home.

The home of Mr. and Mrs. William Fields of Greenlawn avenue, was glad yesterday by the arrival of a charming girl.

Old Coin.
 Leonard Crumrine of south Elizabeth street, was exhibiting to friends this morning an English silver coin bearing date of 1787. It is quite a relic and is prized by the owner.

New Business Block.
 Le Roy Wheeler, at east Kibby street, contemplates the building of an elegant business block on east Kibby street. The building will be located at the side of his present store. It will consist of three large store rooms upon the ground floor, while the upper story will be occupied by flats.

Church Social.
 The home of Mrs. J. E. Coleman, on Broadway, was placed at the disposal of the Ladies Aid Society of Grace M. E. church last night for the purpose of holding a social for the benefit of the church. The pleasant weather detained some who would otherwise have attended but notwithstanding there was a good attendance. Patronage was liberal and a substantial amount was realized.

Children's Entertainment.
 At the children's home this afternoon, an entertainment under the direction of Mrs. Brown was given. The inmates of the institution also contributed to the success of the affair. A number of visitors were present and enjoyed the exercises.

Important Meeting.
 Members of the entertainment committee from both divisions of the Hibernian lodge are urged to attend the meeting in St. John's hall this evening at 7:30.

in the Visitors' Domain.
 E. E. Duffey, of south Union street, has returned from a pleasant trip to various points in Michigan.

Mrs. C. R. Phillips and children left this morning for a two weeks stay with friends at Forest.

D. A. Parrott and wife, of Spencer, are guests at J. V. Van Swearingen's on south Main street.

Mrs. Amos Marty, of Ada, and Mrs. J. T. Crenney, of Columbus, visiting with Mrs. W. H. Riley, on south Jackson street, have returned to Ada.

Joseph Hoffman is detained from work by a badly crushed foot. A heavy piece of iron fell upon it fracturing two of the toes upon his right foot.

Mrs. P. H. Bishop and children, who have been guests of Mrs. W. H. Riley, on south Jackson street, left yesterday for their home at Pittsburg.

Woman's Best Friend.

Zoa Phora Brings Instant Relief to Pains and Sufferings—It is a Certain Regulator and The Only Safe Remedy in The Danger Periods of Women's Life.

LABOR TRIAL BOTTLE MAILED FREE TO ALL WHO WRITE.
 Zoa Phora cures falling or displacement, leucorrhoea, painful or suppressed monthly periods, bloating, indigestion, kidney, liver or bladder trouble, and change of life.

MISS LILY FOX, Cambridge, Mass.
 I recommend Zoa Phora to all women and especially to girls just entering womanhood. I was severely afflicted in the ovaries and bladder, especially at monthly periods. Zoa Phora completely cured me. It also filled out my form and gave me a healthy, plump appearance. Any woman suffering from any female derangement or weakness should take Zoa Phora, as it will certainly cure her.

Mrs. Joseph Brownell, of 422 Westworth Ave., Chicago, Ill., writes: I was utterly unable to take care of my baby, and had been doctoring for two years, and was getting worse all the time. I was not able to stand on my feet five minutes at a time, and had such dizzy spells, also terrible sick headaches every month for years. I am now very glad to say that Zoa Phora has cured me completely. I am able to do the house work and take care of the baby besides.

Get a dollar bottle of Zoa Phora at the nearest drug store, or the Zoa Phora Co., Kalamazoo, Mich., will send it to you, prepaid, on receipt of price.

Mrs. Marion Shreve has returned to her home at Rochester, Ind., after a pleasant visit with Mrs. L. H. Shreve on south Elizabeth street.

John Clayton and wife, of Wells-ville, who were entertained at Mr. and Mrs. A. Kew's on south Union street, have returned home.

Mrs. L. H. Moore and daughter, Catherine, came home yesterday, from Bluffton.

Mrs. Sidney Sharman of Dayton, is being entertained by local friends.

William Powell of Madison avenue, fell from the roof of his house badly spraining his ankles. He will be unable to work for some time.

James Thomas is home from a pleasant trip to Dayton.

A. J. Radwell has returned from a business mission at Dayton.

Mrs. F. C. Fisher, of Broadway, yesterday received a visit from Mrs. Andrews, of Allentown.

Mrs. J. W. Rathbone, is at her home on west Kibby street, after an absence of two weeks spent with relatives at Bluffton.

Mrs. C. E. Beam of south West street, has for her guest, Mrs. C. E. Morvillous, of Coldwater.

FINDLAY

Will Not Pay For Crossing Lights

Notwithstanding the Recent Legislature's Act.

The Council of That City Threatened to Rigorously Enforce a Law Regulating the Speed of the Trains.

The railroad light question is gradually solving itself without drastic action by the city council. Yesterday the T. & O. C. paid its bill which had been repeatedly presented by the city clerk, and it is understood that the L. E. & W. and other lines in the city will do likewise. According to H. F. Morgan, agent of the T. & O. C. in this city, that company has not contemplated taking advantage of the action of the late legislature. "Instructions were at once issued," said Mr. Morgan, "to continue to pay the light bills as presented. The lights are better and just as cheap as any we could furnish for a similar purpose, and the company prefers to act upon a business basis in the matter. The light bills will be paid just as they were before the legislature took off the pressure."

—Findlay Republican

CASTORIA.
 The Kind You Have Always Bought
 Bears the Signature of **W. D. Mitchell**

The difference between an actor and a star is that a star is an actor who can act.

One may dwell beneath poverty's lowly roof, or live in mansions of brick. They'll find a friend in Rocky Mountain Tea. It aids life at its burden. For sale by H. F. Vortkamp, corner North and Main street.

TEN Thousand Freight Handlers Are Involved

In the Contest Between Them and Railroads.

A Demand Made for a Substantial Increase in their Wages

Has Not Yet Been Met by the Companies, and a Strike About July First is Anticipated.

Chicago, June 26.—A fight that would involve 10,000 men and the entire freight business of the city may begin July 1. If it comes to pass it will be a contest between the railroads on one side and the freight handlers on the other. The freight handlers' union, the Brotherhood of Local Freight Handlers, has demanded a 2 1/2 per cent increase in wages. The general managers of the freight roads later held a meeting, at which the disposition to make a fight was manifested. No action was taken. The trouble comes at a time when the roads are crowded with freight. The demands of the union, presented to the freight agents of the various companies, covers nearly 100 freight depots of the 24 systems operating in Chicago. It gives the companies until July 1 to respond.

News About Hayti.
 Kingston, Jamaica, June 26.—Mail advices received here from Hayti, say the situation is more serious in that republic. Party feeling is extremely high. The adherents of the presidential candidates are guarding the latter's house nightly. Several men were killed in a riot at Cape Haytien a couple days ago. The provisional government of Hayti is incapable of coping with the situation and an extensive outbreak is imminent. Even now a reign of terror prevails. The salaries of the officials are four months in arrear and the efforts of the government to obtain a loan have been futile. Generals Fouchard and Pierre are reported to be joining hands in the hope of defeating M. Firmin, whose position is strong.

Witness Held His Peace.
 Manila, June 26.—Lieutenant Newberry, formerly of the Thirtieth regiment of volunteers, Major Cornelius Gardener's regiment, and formerly on duty in Tayabas province, Luzon, testified before the board which is investigating the charges of cruelty, etc., brought by the major as governor of Tayabas against American officers and soldiers. The witness refused to answer a question of the recorder, who asked if he was with 15 men when they killed nine Filipinos. Colonel Theodore J. Wint of the Sixth cavalry, president of the board, said he need not answer if the reply tended to incriminate him. On these grounds Lieutenant Newberry refused to reply to the question.

Bribe, Extraditable.
 City of Mexico, June 26.—An important addition to the extradition treaty between Mexico and the United States was signed by Ambassador Clayton and Ignacio Mariscal, minister of foreign relations. By virtue of the addition the crime of bribery is added to the list of extraditable offenses. General Clayton, however, declined to state whether the new treaty is to be retroactive or not.

Output of Coal Curtailed.
 Wilkesbarre, Pa., June 26.—The order of the subdistricts of the central Pennsylvania bituminous district curtailing the output of soft coal in that region one-third, has gone into effect. The miners in that territory have decided not to work on Wednesdays or Saturdays until further notice. Leaders at strike headquarters here say they expect every unit a man to obey the order.

Jessie Morrison Trial.
 El Dorado, Kan., June 26.—The defense of the Jessie Morrison murder trial was rested and Judge Aikman read the instructions, after which Attorney R. S. Mendenhall argued for the state.

SONG OF THE DRILL

As it Punctures the Earth Today in the Buckeye and Hoosier States.

A test well drilled near Buckland, in Logan township of Auglaize county, by Reynolds & Zimmerman, has been productive of no oil and will fall into the long line of dusters. It was located in the C. A. Lathrop farm, in section 22, Logan.

R. G. Gillespie has just completed an excellent well on the Martena A. Leathers farm, in section 34, Ridge township, Van Wert county, quite a distance away from other producers. It began to flow oil before drilling had been finished, and within 24 hours made 170 barrels without the assistance of a shot. The indications point to a very promising little pool in this vicinity, which is being rapidly developed. Gillespie has drilled in another well on the E. A. Leathers farm, section 35, which made 19 barrels in 24 hours. In this latter section, the Eastern Consolidated Oil Company's No. 4, J. B. Roberts was a duster.

In Jennings township, D. A. Herring, trustee, has completed three fair wells, his No. 7, H. H. Morgan, section 6, doing 20 barrels; No. 1, D. J. Jones, section 8, making 15, and No. 2, Roland Evans, section 18, 21 barrels in 24 hours. In section 4, Jennings, the Ohio Oil Company's No. 5, L. Shaffer was devoid of oil.

In the Ohio City field, the Nimma Oil Co.'s second well on the A. Meddaugh farm, section 24 liberty, which had been heralded as a splendid producer, made 18 barrels natural the first 24 hours and when put to pumping the well was pumped out in a few hours, with only 10 barrels of oil in the tank.

The Federal Oil Co. & Herring have completed a new well on the P. Kane farm, section 18, Marion township, Allen county, which was going for 40 barrels at the start, and in the same section the Ohio Oil Co.'s No. 2, Wm. Patton made 20 barrels in 24 hours. The latter company also has a 25-barrel producer in its No. 12, L. Herring, section 24, Shawnee.

New Ones in Hancock. Within a mile of each other, in Marion township of Hancock county, three good wells have just been completed, the best of the trio being No. 1 on the John Groh farm, section 11, drilled by Main Bros. & Co. It made 30 barrels in 24 hours and on the same property D. B. Cravens No. 2 well was a 50-barrel. On the S. J. Culp farm, same section, the Ohio Oil Company's

No. 5 put 30 barrels into the tank the first day. In section 1, Wamsaker, Ross & Co. have finished up a 10-barrel in their No. 9 Mary Wolf.

The Ohio Oil Co. has a 30-barrel well in its test on the A. Walters farm, section 14, Eagle township, one-fourth of a mile east of anything previously drilled in the field.

D. W. Beatty got a well of similar calibre in his No. 3, J. B. Wagoner, section 25 Union, and in section 25 of Cass township, Wm. T. Jebb's No. 5, E. Ross is pumping salt water.

In Wood County, The salt water question is bothering the Exchange Oil Co. at their No. 35 well on the L. Nestlerode farm, section 32 Fortage township, Wood county, which has just been drilled in.

In Bloom township, near Cymet, the Ohio Oil Co. has a 15-barrel recently completed on the W. D. Binney farm, section 26, the seventh well on this lease.

Two small wells have been completed near Elberly, in Henry township, the Consolidated Oil Co. getting a 10-barrel in its No. 4, E. Peters, section 19, while in section 9, Montgomery Still & Co.'s No. 5, John J. Taylor started off with a production of 12 barrels in 24 hours.

The Mechanics' Banking Co. & Hamilton have a good one in their No. 7, J. W. Lambright, section 35, Montgomery, which made 50 barrels the first day.

In Lucas county, the Crude Oil Co. & Andrews have completed a test well on the Charles Wolf farm, section 33 Jerusalem township, which made 30 barrels in the 24 hours after shot.

Across the State Line. In the southwestern corner of Jefferson township, Adams county, McKisson & Argue have finished up two wells which are rated as first-class producers, their production being respectively 30 and 60 bbls in the first 24 hours. The former was No. 5 on the A. G. Kramer farm, section 30, and the latter was No. 4 C. C. Collins. In the same section the Tippecanoe Oil Co. has completed a 20-barrel in its second well on the McCullum lease.

To the westward, in Wabash township, Killbuck & Batterman have a 30-barrel in No. 2 Joseph Eckrote, section 30, and in section 36 of Hartford township, the Illinois Oil Co.'s No. 12 Charles Barber had an initial production of 50 bbls.

COLUMBUS GROVE. Work on Street Paving is Progressing Rapidly.

Columbus Grove, June 26. Broadway is now torn up from Pendleton street to the intersection of Sycamore and traffic is tied up over these thoroughfares. A large force of men are busily engaged in completing the work to be done upon these streets. The paving brick will soon be laid.

At the east Sycamore street Christian church manse Tuesday evening, the pastor, Rev. E. C. Klink, united in marriage Ralph A. Baxter and Miss Ruth E. Gray. The future residence of the couple will be on a farm in this locality.

The ladies of the east Sycamore Christian church have arranged a market for Saturday at the furniture room of John H. Hartman, on High street. A supply of articles needed for the Sunday dinner will be placed on sale. The patronage of the people of the city is solicited. Proceeds for the benefit of the church.

TWO

Men Claimed They were Robbed

In the Resort

Known as the "Little Casino."

They were Fined and the inmates of the Place were Arrested.

One Victim Claimed He had Lost Nineteen Dollars and the Other Claimed to Have Lost Ten in the Resort.

As a result of complaint made by officer Frank Angier of the conduct of the place and of a "holter" made by George McCormick and George May, two men who claimed to have been robbed of \$19 and \$10, respectively, in the same place, the resort known as the Little Casino, situated in the "row" opposite the P. Ft. W. & C. passenger depot, was raided last night by Sergeant Become and officers Grant, Frauenfelder, Harrison and Billestein under orders from night captain Goebel. Katherine Nugent, Alice Bates, and Earl Bates, who are the alleged proprietors of the resort, and Nora Deck and Nellie Collins, charged with resorting to the place, were arrested. The two men who claimed to have been robbed were also held and this morning were fined \$5.00 each.

The proprietors of the resort were assessed \$25, and Earl Bates, Nellie Collins and Nora Deck were fined \$10 each. No affidavits were filed in the alleged robbery cases.

Other Arrests. Frank Maxwell and Charles Robinson, arrested by officer Billestein, and Dan Flinnery, arrested by Capt. Goebel and officer Billestein, were fined \$5.00 each for drunkenness.

"Doctor" Cherokee Baird, the Indian "medicine man" who was arrested on a charge of practicing medicine without license, was bound over to the grand jury. He furnished bond in the sum of \$100 and was released.

Phil is Captain Now. The title of lieutenant of the police department has been abolished and officer Goebel has been elevated to the title of captain.

Officer Charles Fentemeyer came on duty this morning attired in a new uniform. All of the members will soon secure their new uniforms for the summer season.

HOW CHEAP BAKING POWDER IS MADE.

The Health Department of New York has seized a quantity of so-called cheap baking powder, which it found in that city. Attention was attracted to it by the low price at which it was being sold in the department stores. Samples were taken and the chemist of the Health Department reported the stuff to be "an alum powder," which analysis showed to be composed chiefly of alum and pulverized rock.

The powder was declared to be dangerous to health, and several thousand pounds were carted to the offal dock and destroyed.

It is unsafe to experiment with these so-called 'cheap' articles of food. They are sure to be made from alum, rock, or other injurious matter. In baking powders, the high class, cream of tartar brands are the most economical, because they go farther in use and are healthful beyond question.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

Lima's music loving people should not fail to attend the song recital at Spring street Lutheran church tomorrow evening. Adults 50cts; children 25cts.

Prepared pan cake flour 4c a package at Watsons.

COMRADES ATTENTION.

A large attendance of Lima Command No. 155 Spanish war veterans is desired at our meeting this evening in the armory. A social session will be enjoyed by the members after the regular work of the command.

G. H. QUAIL, Capt. B. F. WEITY, Adjutant.

Lima's music loving people should not fail to attend the song recital at Spring street Lutheran church tomorrow evening. Adults 50cts; children 25cts.

Mr. John Roby is back from a western trip and will spend a few days with Lima friends.

Mrs. James Black and Mrs. Charles Black will spend tomorrow with Wapakoneta friends.

Mrs. Boden, of Van Wert, spent yesterday in this city.

Mr. Clinton Richmond left yesterday for Tiffin for a several days stay.

Bernard E. O'Connor, of the Cleveland Seminary, arrived home today to spend the summer vacation.

WASH GOODS.

Particularly fortunate are those that could not do their summer sewing early. We are having ideal weather for isolated needle women. There will be an excess of hot weather before the end of September and you will be truly grateful for these pleasant days.

Our assortments of pretty new wash fabrics cannot be excelled and prices never were more reasonable. The

"BLUEM STANDARD"

Is your guarantee.

DRESS GINGHAMS.

Other thin summer fabrics may come and go but gingham is always pretty, serviceable, and in greatest demand, this season in particular.

5c yard. A good quality and pretty patterns. Think for a minute, this is cheaper than calico and twice the wear in them. We have sold thousands of yards this season. All colors.

10c yard. Plain and broken stripes in narrow and broad effect, ox blood, blue, pink, gray, buff and the new emerald green.

12 1-2c yard. Standard quality in exquisite colors of striped and check combinations. Also plain chambray in all colors.

18c yard. Lappet woven chambray gingham in pink, blue, linen, and new emerald green. These have a neat woven figure in white, woven at random that give a delicate finish such as is seen in the 25c goods.

25c yard. Fine Egyptian tissues, or gingham lawns, beautiful exquisite effects that you would expect to find only in 50c fabrics, colors blue, lavender, slate, pink, and new emerald green; a few in lace stripe effects.

50c WOOL CHALLIES 25c.

To close a small lot of high class striped challies in two of this season's most popular colors, lavender and blue, white stripes.

SHEER PRINTED FABRICS.

Dimities, lawns, batiste and swiss. There is nothing so effective for beautiful drapings, that are so susceptible to pleates and folds as these thin fabrics.

5c yard. Beautiful corded dimities in light and dark, figures, stripes, 30 inches wide. All colors.

10c yard. Batiste and lawns in new colored effects, both light and dark grounds, newest figures and colorings.

12 1-2c yard. Batiste with beautiful Persian stripes on solid color ground. Also white stripes on plain colored ground, all colors and the new emerald green. Others with neat side band effects for trimming.

The floral effects are scattered and sprinkled at random and give a most artistic tone to such moderate priced goods.

20c yard. Exquisite lace effects in solid color and mercerized lawns. Black grounds with white dots and white grounds with black dots.

25c yard. Mercerized silk foulards, these were cheap at 50c yard. A small lot of extra good patterns and colorings to close out at this extraordinary price.

75c SILK GINGHAMS 45c.

ROYAL FLIRT BETROTHED.

Grand Duchess Helene of Russia, called "the royal flirt of Europe," is to marry and settle down. Her betrothal to Prince Nicolas of Greece has just been announced, and the celebration of the event have been sung in the Russian and Greek churches.

Grand Duchess Helene Vladimirovna is the only daughter of Grand Duke Vladimir, the czar's uncle, and is therefore the czar's cousin. She is the queen of hearts among eligible

GRAND DUCHESS HELENE.

royal maidens of Europe, of whom she is the prettiest, the richest and the most spirited. Though born in 1882, and therefore not yet twenty-one, she has already broken two engagements, been twice reported secretly married and jilted all manner of important persons. It is even said that she herself has been jilted, not by the chosen lover, but by his family in the one case where her interest was sincerely enlisted.

The grand duchess, who is the only marriageable princess of the house of Romanoff, inherits her beauty, wit and daring from her mother, the brilliant Grand Duchess Vladimir. At seventeen a state match was arranged between her and Prince Max of Baden. On the eve of the formal betrothal the princess refused to go through with the ceremony.

A marriage highly desirable from a diplomatic standpoint was next arranged with Prince Ferdinand of Bulgaria, but the princess changed her mind about this also. It seemed at one time absolutely certain that she would marry Prince Louis Napoleon. It was even reported that they were secretly married—but he and Prince Albert of Sleswick-Holstein, another prominent suitor, were both ultimately refused.

A month or two ago it was reported that the grand duchess had dropped with a student, but that story is said to be without foundation.

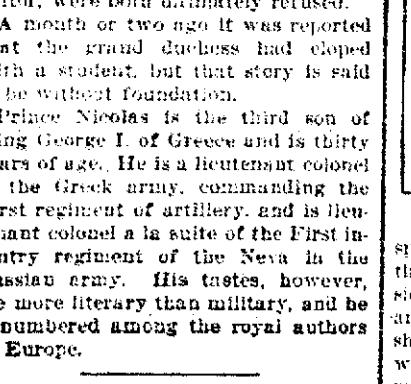

Prince Nicolas is the third son of King George I. of Greece and is thirty years of age. He is a lieutenant colonel in the Greek army, commanding the First regiment of artillery, and is lieutenant colonel a la suite of the First infantry regiment of the Neva in the Russian army. His tastes, however, are more literary than military, and he is numbered among the royal authors of Europe.

HOUSE OF THE ELM.

W. D. Sloane's Beautiful Home in the Berkshires, Mass.

Elm Court, the beautiful country seat of William Douglas Sloane at Lenox, Mass., is soon to be celebrated by the wedding of the daughter of the owner, Miss Lila Vanderbilt Sloane, who is to become the bride of William Osgood Field.

Elm Court is one of the most beautiful and costly residences in the Berk-

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility. But "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizziness will find it a priceless blessing. Try it. Satisfaction is guaranteed at H. F. Vorkamp's, corner North and Main streets, Only 10c.

Backache, Headache, Stomachache.

And many other aches to which women are peculiarly subject are generally the result of a diseased condition of the womanly organism. When this diseased condition is cured, headache, backache, stomachache, etc., are cured also.

Doctor Pierce's Favorite Prescription establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. When these diseases are cured the aches they cause are also cured.

"I will drop you a few lines to-day to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., West Va. "I feel like a new woman. I took several bottles of 'Favorite Prescription' and of the Golden Medical Discovery. I have no headache now, no backache, and no pain in my side any more. No bearing-down pain any more. I think that there is no medicine like Dr. Pierce's medicine. I thank you very much for what you have done for me—your medicine has done me much good."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

FOUNTAIN OF SALT.

An Attractive Household Ornament That is Easily Made.

Having the appearance of a marble fountain, can be made by putting some salt and enough water to dissolve it in a very small glass fruit dish and from day to day adding a little more water and salt. In a short time the salt will

A FOUNTAIN OF SALT.

spread and crystallize over the edge of the glass, then down around the outside. The dish may then be stood upon another similar dish of larger size, as shown in the illustration, and salt and water placed in it regularly in like manner. The same result will follow, when a third larger fruit dish and perhaps a fourth and fifth may be added to the column.

With the constant additions of salt and water the crystallization will spread over and down the entire column, appearing like a fountain or waterfall, white and sparkling. The salt will harden, holding all the sections of the marblelike pillar firmly together—New York World.

Interesting to Asthma Sufferers.

Daniel Banta, of Ottumwa, Iowa, writes, "I have had asthma for three or four years, and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief, and I will never be without it in my house. I sincerely recommend it to all." For sale by H. F. Vorkamp, corner North and Main streets.

Excursion tickets will be valid to return until July 7th, inclusive. For particulars about rates and time of trains, apply to Pennsylvania lines passenger and ticket agents.

AROUND THE CIRCLE.

PRESIDENT ROOSEVELT TO TOUR THE COUNTRY NEXT FALL.

Will Visit Nearly Every State East of the Rockies—Previous Tours of Chief Executives—Presidents Who Liked to Travel.

When President Roosevelt starts out next fall to make his projected swing around the circle, he will be following the example set by many of his illustrious predecessors. The president has received many invitations to visit various sections of the country during the summer and fall, and if he finds time to fulfill his engagements he will before November have visited nearly every state in the Union except those in the Rocky mountains and on the Pacific slope.

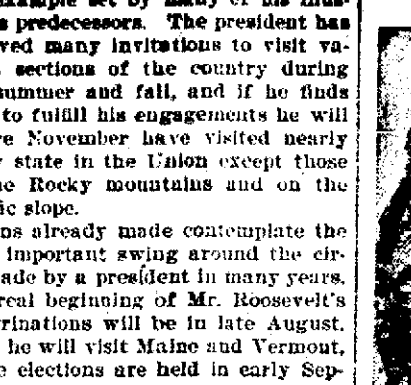

Plans already made contemplate the most important swing around the circle made by a president in many years. The real beginning of Mr. Roosevelt's peregrinations will be in late August, when he will visit Maine and Vermont, where elections are held in early September.

The president is expected to make two speeches in Maine and one or two in Vermont. Following the New England tour, the president will start late in September for the northwest. He has accepted invitations to speak in Detroit, Minneapolis, Illinois, Missouri and Iowa.

Late in October the president will start on a long trip through the southwest and will probably go as far as San Antonio. On the way he will enjoy a big bear hunt in the swamps of Mississippi. Altogether the president has planned a very busy fall, and if every city and town in the Union does not see him and hear his voice before next November it will not be because they have not invited him.

The custom of taking long excursions through the country by presidents is much older than is generally believed. Washington had seen nearly all of the Union north of the Carolinas before he became president, and both of the Adamses were great travelers in their time.

President Monroe was the first to conceive the idea of making an ex-

BEAR ADMIRAL KIRKLAND'S SNUFFBOX.

(Presented to him by the German emperor.)

already showing beautiful snuffboxes, both ancient and modern. At Tiffany's, the famous New York jewelry house, a collection of jeweled snuffboxes has lately been put on exhibition. Notable in this collection is the jeweled snuffbox presented by the German emperor to Rear Admiral Kirkland of the United States navy and which is said to have cost \$5,000.

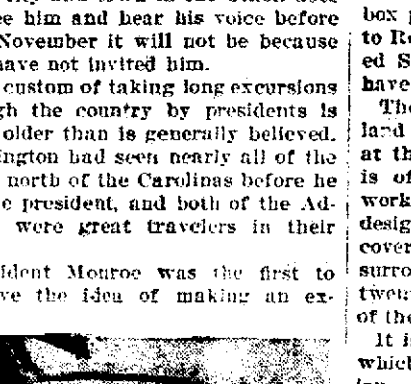

The box was given to Admiral Kirkland when he represented this country at the opening of the Kiel canal. It is of large size and made of gold worked into a beautiful and intricate design by Zehngraf, the artist. On the cover is a miniature of the emperor, surrounded by a frame composed of twenty-nine diamonds. On each side of the ellipse are three larger gems.

It is interesting to note the steps by which snuff taking first rose, to fashion. Given to King Charles of France by a leading diplomatist, Nicot (whence nicotine), it finally came within reach of the multitude and from first to last has played an important part in the world's history.

Catherine de' Medici is said to have been the first woman to take snuff. Gibbon, the historian, was an inveterate taker of snuff. Frederick the Great took it by handkerchief and had all his pockets made of leather and without corners so that they served as snuff pouches.

Napoleon I. was another great snuff taker, or rather, snuff waster, as history relates that he spilled most of it over his clothes, little of it reaching his nose. Von Moltke during the three weeks' siege ending with the battle of Sedan is said to have used a pound of snuff.

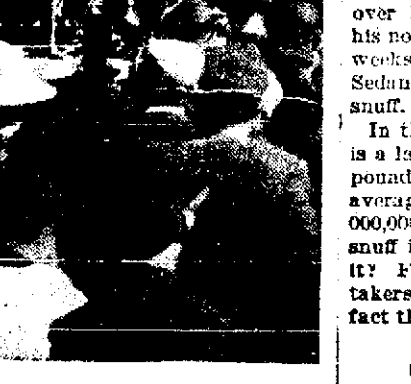

In this country snuff manufacturing is a large industry. In 1899 18,000,000 pounds were manufactured, and the average for several years has been 14,000,000 pounds. So there is plenty of snuff in the United States. Who takes it? Few nonsmokers know any snuff takers, but that is due perhaps to the fact that they are without the chance

CUPID INTERFERES.

Coeducation at Chicago University Proves Unsuccessful.

After ten years' trial of coeducation in the Chicago university President W. R. Harper favors a separation of the sexes. He is of the opinion that the best results are not obtained by training young men and young women in

PRESIDENT W. R. HARPER.

the same classes and in the same environment. He is moving to bring about a separation of the sexes.

Years of observation have convinced Dr. Harper that healthy young men and women cannot meet in classes and on the campus without heart and sentimentality obliterating the academic.

Dr. Harper has observed that in everyday life the Yale, Harvard or Princeton man stands better and does better than the "coed man." Mr. Rockefeller is of the same opinion as Dr. Harper. He believes in a university for the greatest good, but wants man paramount.

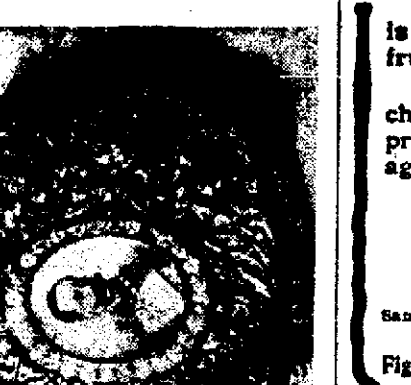

The gifts received by the University of Chicago since it was founded now aggregate over \$16,000,000, of which \$11,000,000 has been given by John D. Rockefeller.

SNUFF TAKING REVIVAL.

King Edward Said to Be Responsible For Snuffbox's Latest Fad.

The revival of the ancient custom of snuff taking is said to have been brought about by King Edward VII., who carried a box of the pungent powder and takes a pinch after his meals. The king's example is being followed by fashionable London, and the fad is due to reach this country shortly.

Following the English fashion, the jewellers on this side of the water are

Invalids Cured.

Many invalids were cured during the past two months at the Anglo-German Medical Institute, 214 North Main street, Black Block, some who had been treated by from six to twenty doctors without benefit.

Owing to the large number of invalids who have called upon them at their offices and who have been unable to see them these eminent gentlemen have by request consented to continue giving their services free (medicine excepted) to all who call upon them for treatment between now and September 1st. These services consist not only of consultation, examination or advice, but also of our minor surgical operations.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted, and under no conditions will any charge whatever be made for any services rendered until cured to all who call before September 1st.

The doctor treats all forms of diseases and deformities and guarantees a cure in every case they undertake. At the first interview a thorough examination is made and if incurable you are frankly and kindly told so and advised against spending your money for useless treatment.

Male and female weakness, catarrh and curable diseases, also rupture, gonorrhea, all skin diseases and all diseases of the rectum are positively cured by their new treatment.

The chief associate surgeon of the Institute, a regular graduate and post graduate in all the specialties with hospital experience in Europe and America, as diplomate and licenses show, is in personal charge.

Office Hours from 9 a. m. to 8 p. m. Sunday 9 a. m. to 11 a. m.

Notice—If you can not call, describe your troubles, enclose stamp and get an expert opinion free.

H. A. WATKINS, Administrator. With Will Annexed of Estate of Herbert L. Brice.

PROPOSALS.

For the construction and operation of street railway route No. 2, in the city of Lima, Ohio.

Sealed proposals will be received by the city clerk of the city of Lima, Ohio, at the office of said city clerk, until twelve o'clock noon on the 10th day of July, 1902, to construct and operate a street railway on the following described route, to-wit:

Beginning at a point where Grand avenue extended would intersect the west corporation line of the city of Lima, Ohio; thence east across the Lima and Delphos road and on and along Grand avenue to the intersection of Grand avenue with Elizabeth street. And upon Elizabeth street from O'Connor avenue to Elm street. Along and upon Elm street from Elizabeth street to Union street. Upon Union street from Elm street to North street. Upon North street to the right of way of the Cincinnati, Hamilton and Dayton Railway Company to Elizabeth street.

Proposals shall specify the maximum rates of fare for which the bidder proposes to carry passengers over said route, and must be addressed to Fred C. Beam, city clerk, of said city and will be opened by him on the day and hour named.

The grant will be made only to the responsible corporation which shall bid to carry passengers on said route at the lowest rates and which shall previously have obtained and produced to the council, the written consent of the abutting property holders and file same with the city clerk, in accordance with section 2502 of the Revised Statutes of Ohio before any ordinance is passed granting such bidder the right to construct and operate said street railway route.

Each bid shall be accompanied by a certified check in the sum of ten thousand (\$10,000) dollars, drawn on and certified by any bank doing business in the city of Lima and payable to the order of the city of Lima, and which check and the money represented thereby, the bidder by making a bid and depositing such check agrees shall belong to and become the property of the city of Lima, Ohio, should said bidder be declared the lowest bidder to carry passengers over the route herein established and should refuse or neglect to accept an ordinance granting such bidder the right to construct, maintain and operate an electric street railway over said route within the time named in an ordinance granting the right to so construct, maintain and operate said railway or in such extended period as may be granted by the city council as hereinbefore provided. And said grant shall not be binding upon the city of Lima, Ohio, unless within fifteen days after the passage and legal publication of the ordinance awarding said grant a written acceptance of all and each of the terms, conditions and provisions of said ordinance awarding said grant be filed with the city clerk.

By order of the city council of the city of Lima, Ohio.

City Clerk of the City of Lima, O. Lima, Ohio, June 21, 1902-JWKS.

SHERIFF'S SALE.

Case No. 10596.

Thomas R. Jones & Son, plaintiff

vs.

FEEL

Satisfied With the Project

As It Stands.

All Questions Answered Without Reserve

And the Committee Is Prepared to Recommend the New Enterprise.

Statement Submitted Last Night Will Be Put in Proper Form and Presented to the Public.

The deeper those who are interested in the Sinead Heating company dig into its probabilities and possibilities the more thoroughly are they convinced that Lima is now in the ring with a grave proposition, and to be knocked out would mean the loss of an opportunity not likely to be offered again in a decade.

The most careful scrutiny and the most determined examination of the rights and privileges of the concern as to patients owned and controlled, together with the field in which the products of the factory are bound to circulate, reported at the last public meeting and there has been a satisfactory explanation on every point which has to do with the company's reliability and future growth. A full and definite understanding on all questions raised was had at a meeting held at the Lima House last night when Secretary Ainslie submitted a written report containing the replies to questions asked by the audience and if there had been any doubts before it only needed the results of last night's discussion to remove them.

Following the report of the secretary the questions involved were taken up and intelligently discussed, and there was an apparent feeling that Lima would be able to secure this momentous plan now that the people could be assured of its being founded on a beginning as solid as truth itself. There were many such expressions of interest and a motion made to adopt the report as in every sense satisfactorily and unanimously.

In order that the public may be made thoroughly acquainted with the situation and know just what was done at last night's meeting it was decided to appoint a committee whose duty it would be to prepare a statement covering every detail and report at another meeting to be held this evening.

This statement when adopted will be published and the citizens of Lima can gather from it and from what has previously been said and written an intelligent idea of just what the big plant means and how absolutely certain are the promises of those who are at its head. The need of such industries is becoming more apparent every day and it is fortunate that one on such an elaborate scale comes knocking at the door. It remains for the citizens of Lima to take it or refuse it.

SOMETHING

That the Men Expect to Crow Over.

The men of Trinity church congregation expect to have lots of fun to-morrow evening, as they have taken the responsibility of serving a supper without either the advice or assistance of the ladies. They decided on a chicken pot pie supper to be served from five to seven o'clock and while it is likely to be a tough proposition, the gentlemen expect to get through with the affair without a damage suit.

Nothing in meats as good as Apex Hams and Bacon, only at Watsons.

A PURE ARTICLE.

The American people realize the importance of having everything which they use as pure as possible. The manufacturers of "Easy Task" soap have considered this fact and to meet the demands of the public are offering "Easy Task" a white laundry soap which they guarantee to be absolutely pure. It cleans clothes perfectly without soiling and will not injure the most delicate fabrics. It lasts twice as long as yellow soap and costs the same—2 cents a bar at all grocers.

Olive Oil in bulk at Watsons.

DAUGHTER

Of Allen County's First Clerk

Died Today at the Age of Sixty Nine Years.

Deceased Had Been a Life Long Resident of This City—Funeral Services to Be Held Saturday Morning.

Mrs. Elizabeth Ward, aged 69 years and 20 days, died at 9:45 o'clock this morning at the home of her brother, Joseph Ward, No. 120 south Union street, death resulting from organic heart trouble. Funeral services will be held at the residence at 10 o'clock Saturday morning and the remains will be consigned to a resting place in the Shawnee cemetery.

The deceased was a life-long resident of Lima. Her father, Gen. John Ward, was one of Allen county's early pioneers and was the first clerk of the courts ever elected in the county. He filled that position for eleven years before his successor was chosen. Miss Ward was never married and the only immediate relatives who survive her are her two brothers, Joseph Ward, of 129 south Union street this city, and S. H. Ward, of Toledo.

PRICE

Of Crude Oil Takes a Jump.

Local Product

Advances One Cent Per Barrel

While the Price of Eastern Crude is Advanced Two Cents.

First Change Made in Standard's Oil Market Quotations Since April 16.—Runs and Shipments.

For the first time since the 16th of last April the crude oil market received a change in its quotation figures on the bulletin board at the Buckeye building this morning, local purchasing agent T. A. McLaughlin receiving a message from Oil City authorizing an advance of two cents in the price of eastern oil and an advance of one cent on the barrel for the product known as Lima and Indiana oil. The quotations are as follows:

Tiona oil	1.57
Penna. oil	1.22
Barnesville oil	.73
Semmes oil	.73
Corning oil	1.85
New Castle oil	.97
North Lima oil	.89
South Lima oil	.84

GETS

Deeper Into the Legal Mias.

Town of Cairo

Enjoined from Building a Town Hall

By the Same Party That Held Up the Opening of Alleys.

Petition Says That the Proceedings Have Not Been According to Law and Asks the Court to Interfere.

The village of Cairo is still in a muddle growing out of the recent effort to erect a town hall and open streets and alleys. Some of the old residents have opposed the metro politan ideas and the result is the filing today of a petition asking that the village council be enjoined from building the proposed public building.

According to the petition, which names the mayor, the village and the Cairo Building & Improvement Company as defendants, the hall is to be a two story building, the lower room for the use of the public and the upper portion to be occupied by the company named as defendant. The proposition as presented is an illegal one the petition declares, and what steps have been taken are not according to the law governing such affairs. Alfred L. Ferguson is the plaintiff and it was he who recently had the town enjoined from using an alley that was cut through his property against his objections.

Divorce Granted.

Judge Cunningham while not presiding in open court is still at work in his private office clearing up the odds and ends and occasionally gets hold of one of the many divorce cases yet pending. This morning he heard the complaint of Otto Myers, who applied for a divorce from Susan Myers and a decree was granted.

In Probate Court.

Judge Miller has appointed H. L. Leilick administrator of the estate of John C. Boehman, who was of Jefferson county Missouri. Bond was furnished in the sum of \$1000. The will of the deceased was also admitted to probate.

An All Week's Job.

The west Kibby street injunction suit dragged through another day with the examination of several witnesses who have knowledge of how the work was done that the abutting property owners complain of. There is a grave difference of opinion as to whether the work was done in a proper manner or not. The defense is not without support in the claim that the specifications and contract were carried out to the letter.

After the excavation was made and the surface work was begun, many new pipes were laid for water, gas and sewer connections, and the unevenness of the paving at various places is in a great measure due to the poor manner in which this work, over which the paving contractor had no supervision, was done.

It is a case that will occupy the entire week and all other actions have been pushed ahead on account of it.

Wonders If She's Married.

Mrs. A. A. Regan, a former resident of Lima, is interested in knowing whether she is any longer the wife of the man she formerly lived with. It was her intention to commence proceedings for a divorce in Michigan, but learned that her husband had fore-stalled her and secured a separation in Lima. She came here and made inquiries, but there is no record on the court docket to substantiate what she was led by rumor to believe. If Regan has secured a divorce he didn't get it in Allen county.

Real Estate Transfers.
